## Nuclear non-proliferation and disarmament in focus at side event

OSCE PA Vice-President Christine Muttonen speaks at the side event.

At a roundtable event on Tuesday co-hosted by the Austrian Delegation to the OSCE PA, Parliamentarians for Nuclear Non-proliferation and Disarmament (PNND) and the Ministry for Foreign Affairs of Finland, participants discussed the current state of the nuclear threat in Europe and the Middle East, non-proliferation and disarmament efforts, and the ongoing negotiations with Iran over its nuclear programme.

OSCE PA Vice-President Christine Muttonen (MP, Austria) opened the discussion with some background on PNND, of which she serves as Co-President, and talked about what the

OSCE PA can do to advance nuclear disarmament. She noted that the First Committee had agreed to several amendments she introduced on nuclear risk reduction, stressing that the existence of nuclear weapons and their deployment by some participating States undermines the spirit of the OSCE.

Several senior members of the OSCE PA attended the event, discussing, inter alia, how to enhance public awareness of this issue, and how nuclear disarmament negotiations could be facilitated through the United Nations.
