**Parliamentarians in Counterterrorism**

- **Act as enablers**, whereby they shape the national policy & legislative counter-terrorism frameworks and establish the mandate of security-related bodies.

- **Serve as controllers**, whereby they ensure that all counter-terrorism measures fully respect fundamental freedoms, including through the oversight of national counter-terrorism bodies.

- **Bridge diverging views** at all levels, whereby they promote constructive exchanges between civil society and state authorities, as well as inter-parliamentary dialogue and co-operation.

**Goals of the Committee**

- **Advocate** for inclusive, effective and human rights-compliant counter-terrorism responses.

- **Contribute** to the timely implementation of the international counter-terrorism framework.

- **Develop** forward-looking policy guidance based on identified loopholes and new approaches.
THE COMMITTEE AT WORK

Implemented Activities

- Conducted official visits and met with local stakeholders in Morocco, Belgium, Bosnia and Herzegovina, United States of America, France and Norway to determine key challenges on the ground and identify promising practices.
- Organized and contributed to international high-level and expert events - including Parliamentary Web Dialogues and Conferences in Lisbon, Madrid and St. Petersburg, OSCE-wide conferences in Vienna, Rome and Bratislava and regional events in Rabat, La Valletta, Tirana, Washington DC and Rome - to share lessons learned and bridge the policy-practice gap.
- Held official sessions of the Committee in Andorra, Vienna (3), Berlin, Luxembourg, Marrakech and on-line (3) to discuss trends and coordinate future actions.
- Coordinated national Parliaments in the OSCE region in assessing the level of implementation of relevant international commitments on Border Security & Information Sharing.

COVID-19

While the pandemic kept national authorities busy, it has provided a fertile ground for terrorists to boost their propaganda. Through a series of timely online events, the Committee urged Governments to retain counter-terrorism efforts & co-operation high on their agendas by:

I. Addressing cyber and internet security issues as a matter of priority;
II. Countering the flawed narratives and disinformation spread by violent extremists, focusing especially on the most vulnerable layers of society
III. Limiting the use of emergency powers and ensuring that counter-terrorism responses endorse a whole-of-society approach and remain human rights-compliant

Key Achievements

- Strengthened parliamentary engagement on counter-terrorism and identified several thematic areas where parliaments add value.
- Advocated for inclusive, effective and human rights-compliant responses & shared lessons learned on border security, FTFs, radicalization & de-radicalization, victims of terrorism and on-line prevention.
- Developed new policy guidance on preventing and countering terrorism and violent extremism (2018 Berlin Resolution) and on addressing the threats stemming from the return & relocation of Foreign Terrorist Fighters (2019 Luxembourg Resolution).
- Promoted the implementation of key international obligations on border security and information sharing stemming from UNSCR 2396 through parliamentary oversight.
- Improved co-ordination with the OSCE and built a network of partnerships with key international stakeholders, including the United Nations (e.g. 2020 MoU with UNOCT) and regional Interparliamentary Assemblies.
