After participating States could not reach consensus on the reappointment of OSCE Heads of Institutions, it was acknowledged that while some of the challenges the Organization is facing are due to the overall crisis of multilateralism and lack of political attention, others are of political nature and strictly peculiar to the OSCE.

The OSCE PA held a Bureau meeting, and a brainstorming session with experts to discuss the ways to offer its contribution to the OSCE.

**Conclusion #1:** the OSCE needs more political attention.

**Conclusion #2:** PA can mobilize its parliamentarians to raise interest in capitals.

The Call for Action Document was presented on the margins of the OSCE Ministerial Council. Signed by 52 among current and former OSCE leaders, the document points to the need to strengthen the role of the OSCE in addressing the contemporary challenges.

The Call for Action Document aims to mobilize members of parliaments of the OSCE and vis-à-vis their governments to reiterate the importance of the role of the OSCE both in the current international security framework and on the way towards the 50th Anniversary of the Helsinki Final Act (Helsinki +50 process).
