

**Report by U.S. Senator Benjamin L. Cardin  
Special Representative  
on Anti-Semitism, Racism, and Intolerance  
Report June 15, 2018 – January 29, 2019**

**Winter Meeting, Vienna  
February 21-22, 2019**

On March 9, 2015, Organization for Security and Cooperation in Europe Parliamentary Assembly (OSCE PA) President Ilkka Kanerva (MP, Finland) appointed U.S. Senator Benjamin L. Cardin to serve as the OSCE PA's first Special Representative on Anti-Semitism, Racism and Intolerance (SRARI). Special Representative Cardin has been annually reappointed to the position since that time.

This report details Special Representative Cardin's activities from June 23, 2018 – January 29, 2019, that, with the support of the U.S. Helsinki Commission, focus on the following four priorities the Special Representative has outlined: 1) anti-Semitism and community security; 2) anti-Muslim bigotry; 3) improving law enforcement and community relations with diverse communities; and 4) anti-migrant/refugee bias.

**Special Representative Cardin asks that other delegations of the OSCE Parliamentary Assembly provide him with information regarding the efforts being undertaken by their respective parliaments to address intolerance and discrimination at home. Any information received will be included in future reports of the Special Representative.**

These activities include:

**Legislative Efforts**

- ***Addressing increasing hate crimes and prejudice in the OSCE region*** – annually providing U.S. State Department funds to support civil society initiatives to address anti-Semitism, and racism and xenophobia towards Afro-descent, Muslim, Roma, migrant and refugee persons in Europe.
- ***Reappointing the Special Envoy to Monitor and Combat Anti-Semitism at the State Department*** – Legislation included in State Department authorization and appropriations bills called for the new Administration to reappoint a Special Envoy position at the State Department to Monitor and Combat Anti-Semitism, at a time when anti-Semitic incidents have been on the rise in several OSCE nations. A new Special Envoy was appointed in January 2019.

- ***Advancing Women’s Economic Empowerment*** - The Women’s Entrepreneurship and Economic Empowerment (WEEE) Act, legislation introduced by Senators Ben Cardin (D-Md.) and John Boozman (R-Ark, became law on January 9, 2019. The Act seeks to eliminate global gender-related barriers and empower female entrepreneurs around the world, by establishing a development cooperation policy of the United States to reduce gender disparities related to economic participation and opportunity, strive to eliminate gender-based violence, support women’s property rights and increase the capability of women and girls to determine life outcomes.
- ***Elie Wiesel Genocide and Atrocities Prevention Act (S.1158)*** - This bill was signed into law January 14, 2019 and bolsters the efforts of the U.S. Government to prevent and respond to genocide and other mass atrocity crimes. The bill affirms the importance of strengthening U.S. efforts around mass atrocities through interagency tools like the Atrocities Prevention Board (APB); states that preventing genocide and mass atrocities are core U.S. national security interests and calls on the Administration to pursue a government-wide strategy on the issue; requires specialized training for Foreign Service Officers who will be deployed to a country experiencing or at risk of mass atrocities; and mandates annual reporting to Congress of Administration efforts to prevent and respond to mass atrocities and an assessment of countries and regions at risk of such violence.
- ***Equal Rights Amendment (S.J. Res. 6)*** would immediately revive consideration of the Equal Rights Amendment (ERA) to the U.S. Constitution which needs to be ratified by one additional state to ensure that the Constitution guarantees full and equal protections to women.
- ***End Racial and Religious Profiling Act (S. 411)*** - This legislation makes it clear that law enforcement actions based on discriminatory profiling such as an entry ban on Muslims are both inconsistent with U.S. values and ineffective. The bill would ban discriminatory profiling by all levels of law enforcement nationwide. It is designed to enforce the constitutional right to equal protection of laws through changing policies and procedures for law enforcement and promoting best practices in community-based law enforcement.
- ***Democracy Restoration Act (S.1588)*** - This legislation would reduce recidivism rates by restoring voting rights to individuals after they have served their time and have been released from incarceration. Studies indicate that former prisoners who have voting rights restored are less likely to reoffend, and that disenfranchisement hinders their rehabilitation and reintegration into their community.
- ***National Security Diversity and Inclusion Workforce Act (S. 924)*** - This bill requires each national security agency to make available to the public, appropriate congressional committees, and the national security agency workforce, a report on its diversity and

inclusion efforts. The bill defines "diversity" as diversity of persons based on gender, race, ethnicity, disability status, veteran status, sexual orientation, gender identity, national origin, and other demographic categories. It also requires each such agency to: develop a system to collect and analyze applicant employment data to identify areas for improvement in attracting diverse talent, with emphasis on senior and management positions; seek a diverse and talented pool of employment applicants; create opportunities for senior personnel to participate in outreach events and to discuss issues relating to diversity and inclusion; and expand training on bias in the workplace and flexible work policies.

- ***LOVE Act (S.1420)*** - This bill requires the Department of State to review employee terminations at the State Department in the 1950s and 1960s to determine who was wrongfully terminated due to their actual or perceived sexual orientation (known as the Lavender Scare). The bill contains an apology from Congress for its role in encouraging the termination of State Department employees based on sexual orientation.
- ***Establishing World Refugee Day (S.Res.552)*** - This resolution, introduced to the Senate Foreign Relations Committee, commemorates World Refugee Day. The resolution acknowledges the courage, strength, and determination of women, men, and children forced to flee their homes because of persecution or conflict while calling on the United States government to uphold its leadership role in responding to the global refugee crisis.
- ***Disability Integration Act (S.117)*** – This bill would prohibit discrimination against individuals with disabilities who need long-term services and supports, and for other purposes. The Act clarifies and strengthens the Americans with Disabilities Act, ensures that States provide long term services that foster integration and independent living, and establishes requirements for State public reporting.
- ***Condemning the Tree of Life Synagogue Attack in Pittsburgh (S.Res.694)*** – A resolution condemning the horrific, anti-Semitic attack at the Tree of Life synagogue in Pittsburgh, Pennsylvania, expressing support and prayers for all those affected by the tragedy, and applauding the dedication and bravery of law enforcement and emergency response officials in responding to the attack.
- ***Recognizing Hispanic Heritage Month (S.Res.655)*** – The resolution commemorates the rich heritage and culture of Latinos in the United States and the immense contributions of Latinos to the United States.
- ***The Strengthening Minority-Serving Institutions Act of 2018 (S.3467)*** – Legislation to permanently reauthorize mandatory funding programs for historically Black colleges and universities and other minority-serving institutions.

- ***Designating September as National Voting Rights Month (S.Res.626)*** – This resolution would encourage all people in the United States to uphold the right of every citizen to vote, would support the development of academic curriculum to foster a robust historical understanding of voting issues, and would allocate requisite funds by Congress for public service announcements.
- ***The REUNITE Act (S. 3227)*** – This act, also known as the Reunite Every Unaccompanied Newborn Infant, Toddler and other children Expeditiously Act, requires that the Department of Homeland Security and the Department of Health and Human Services ensure the immediate reunification of children separated from their apprehended parent or guardian at or near ports of entry. The Act also requires that the Secretary of Homeland Security and the Secretary of Health and Human Services publish guidance describing the coordinated efforts the agencies will undertake to reunite apprehended parents or guardians and children; jointly establish an interagency office responsible for expediting the reunification of alien children and parents; and introduce secure alternatives to detention programs.
- ***Commemorating the legal end of slavery in the United States (S.Res.547)*** – This resolution designates “Juneteenth Independence Day” in recognition of June 19, 1865, the date on which slavery legally came to an end in the United States.
- ***Honoring the Victims of the Pulse Orlando Nightclub Attack (S.Res.545)*** – On June 12, 2016, 49 people were killed and 53 were wounded in a horrific terrorist attack on Pulse Orlando, a lesbian, gay, bisexual, and transgender nightclub, during Latin night. On the two-year anniversary of the attack, the Senate unanimously passed this resolution commemorating the victims of the horrific attack, honoring the survivors of the attack, and recognizing the unity, compassion and bravery of the Orlando community and the federal, state, and local law enforcement for their efforts in responding to the attack. The passing of the resolution signifies the United States commitment to stand together with all Americans, regardless of race, ethnicity, religion, sex, or sexual orientation in the face of terror and hate.
- ***First Step Act*** – Became law on December 21, 2018 and focuses on (1) reducing penalties, especially mandatory minimum terms of imprisonment, for various federal drug and firearm offenses and (2) allowing prisoners to be placed in pre-release custody earlier by earning additional time credits as part of a recidivism reduction program built upon a risk and needs assessment system. The law also attempts to address racial and other disparities in the justice system.

- Consultations with Jewish civil society and government officials on anti-Semitic incidents in the OSCE region, including the United States.
- Consultations with Roma civil society and government officials on increasing prejudice and discrimination, and recognition of communities in the U.S.
- Consultations and events focused on diverse communities and inclusion with government officials, political leaders, civil society and private sector in Europe, including members of the Transatlantic Inclusion Leaders Network (TILN).

### **Appendix I**

#### **Mandate of the Special Representative on Anti-Semitism, Racism and Intolerance**

The mandate of the OSCE PA Special Representative on Anti-Semitism, Racism and Intolerance is to:

- Raise awareness in and report to the OSCE Parliamentary Assembly on the persisting problem of prejudice and discrimination in the OSCE area, including anti-Semitism, other religion- and race-based intolerance and other forms of intolerance;
- Raise awareness in and report to the OSCE Parliamentary Assembly on the track records of OSCE participating States in combating these problems;
- Advise the Assembly on the implementation of its agreed policies in these matters as well as on the development of new policies and strategies, including on how to protect the individuals and communities affected;
- Seek to promote dialogue and exchange of best practices within the Assembly on combating these problems, and;
- Communicate with relevant actors within the OSCE who work on combating prejudice and discrimination in the OSCE area, including anti-Semitism, other religion- and race-based intolerance and other forms of intolerance.
