REPORT OF THE CCT CHAIR

Mr. President,

Mr. Secretary General,

Distinguished Colleagues,

Last year, the CCT continued to engage with international experts and national officials to remain abreast of the latest global counterterrorism trends.

Our efforts included organizing three committee meetings and taking an official visit to the United States, including to the United Nations Office of Counter-terrorism, with whom we renewed our Memorandum of Co-operation.

Moreover, we actively engaged in numerous international events, such as:

- The Inter-parliamentary Conference on Serious Crime, held in Rome under the auspices of Vice-President Eugenio Zoffili, and
- The Global Parliamentary Conference on Counter-Terrorism and Prevention of Violent Extremism, organized by our UN partners in Istanbul.

Throughout these engagements, youth radicalization emerged as one of the most concerning trends, often intersecting with the misuse of emerging technologies and artificial intelligence for recruitment and propaganda. Many experts also highlighted the rise of increasingly nihilistic forms of violence, where violence itself becomes the primary objective, detached from coherent ideological frameworks. Alarmingly, evidence suggests that children as young as 13 or 14 can become radicalized, in some cases within a short period of time.

Accordingly, we grew increasingly concerned about the rising number of young people becoming involved in terrorism-related offences through online engagement. These challenges directly informed the adoption of our 2025

Resolution: *Preventing Youth Radicalization to Violent Extremism and Terrorism Through Education, and Media and Information Literacy.*

Since the adoption of this resolution, we have continued to build our knowledge on youth radicalization. More importantly, we have started turning these words into action through our “School Dialogue” initiative.

Our first dialogue occurred in November of last year. Led by the Ad Hoc Committee’s Vice-Chair Loperfido, the “School Dialogue on Preventing Youth Radicalization to Violent Extremism” took place at a middle school in Pordenone, Italy, with over 120 students. After a series of presentations, group collaborations, and insightful engagements, students established a 12-point plan to help combat extremist online narratives.

The plan included several initiatives already taking shape in the OSCE PA region, such as age verification and parental consent. The plan also proposed novel approaches to online safety like digital education training in schools, the implementation of a designated digital safety staff, child-friendly social media platforms and co-operation with authorities and experts.

Dear Colleagues,

This exercise - the first of its kind in the OSCE PA - confirmed that education and media literacy in schools are vital to preventing violence and extremism.

Moreover, it confirmed that we should engage more at a community level, working in close partnership with those very citizens we aim to protect through our efforts in this international assembly.

Aside the School Dialogues initiative, the CCT has engaged at multiple levels since we last met in Istanbul:

- Within Inter-Parliamentary Assemblies - on 26 November 2025, I attended the 8th Meeting of the Coordination Mechanism of PAs in Cyprus, contributing to dialogue focused on countering terrorism financing and sharing our own experience in this context.
- Within the OSCE - on 11 December 2025, the Committee contributed to the Annual OSCE Counterterrorism Focal Point Meeting to share our experience and join forces with other OSCE executive structures.
- Within the United Nations - on 11-13 February, Vice-Chair Loperfido attended a parliamentary training course on AI and counterterrorism in Manila, furthering our engagement in line with our 2024 Resolution.
- Within our own Assembly - earlier today, we held our 23rd meeting here in Vienna, where we explored violent extremists trends with national security experts, with a special emphasis on teenagers' radicalization.

Looking ahead, the Committee will travel to Podgorica, Montenegro, on 22-25 March 2026. Our exchanges with high-level state officials will highlight the counterterrorism capabilities of a small state, with an eye also to important regional dynamics.

In the framework of the visit, our Committee will actively engage with students aged 14 to 18 through a new School Dialogue in Cetinje. Discussions will focus on the links between cyberbullying, online manipulation, and pathways to violent radicalization.

The dialogue aims to strengthen students' awareness of the risks they face online, and to involve them directly in identifying and designing effective countermeasures. At the same time, it will encourage teachers to confront topics that are often absent from mainstream curricula, but increasingly shape teenagers' lives, such as echo chambers, online grooming, algorithmic amplification, and toxic gaming environments.

Additionally, we will continue working with our partners at the OSCE and United Nations. For example, I plan to formally address the OSCE Security Committee meeting dedicated to new technologies and terrorism this spring in Vienna. Moreover, we are looking forward to the 9th Coordination Mechanism of Parliamentary Assemblies on Counterterrorism, to be held under United Nations auspices in June 2026.

Dear Colleagues,

Our goal for this year is to move from words to actions.

To help us achieve this objective, I invite all interested members to join our School Dialogue initiative. We are eager to expand this exercise beyond the CCT, and engage members and students in different parts of the OSCE region, sharing experiences, ideas and proposals to overcome common challenges.

If you are interested in organizing a similar event in your country, please reach out to us!

We look forward to your future engagement, and I extend my thanks to all of our members for their dedication to this initiative.

Thank you!

SPOTLIGHT: School Dialogues on Preventing Youth Radicalization to Violent Extremism

Launched in November 2025 pursuant to the [OSCE PA Resolution on Preventing Youth Radicalization to Violent Extremism through Education and Media & Information Literacy](#), the School Dialogues engage teenagers across the OSCE region in community-based exchanges that strengthen civic education, digital resilience, and youth-driven preventive policy input.

Areas of Focus

- **Foster prevention efforts** and promote sensible guidance to **counter on-line radicalization to violent extremism** with a special focus on youth and new technologies.
- **Promote the successful prosecution, rehabilitation, and reintegration of FTFs** and their families, including women and children.
- **Strengthen border security and information sharing** through sound Advance Passenger Information (API), Passenger Name Records (PNR) and biometric data management systems, in accordance with UNSCR 2396.
- **Support victims of terrorism and strengthen the role of victims' associations** through advocacy and awareness-raising.
- **Explore the intersection of terrorism with organized crime, artificial intelligence & new technologies, hybrid threats, migration and climate change.**

Upcoming

- **23rd CCT Meeting** on the sidelines of the OSCE PA Winter Meeting, 20 February 2026 (Vienna, Austria).

- **School Dialogue** on Preventing Youth Radicalization to Violent Extremism, 24 March 2026 (Cetinje, Montenegro)
- **9th Meeting of the Coordination Mechanism** for Parliamentary Assemblies on Counter-Terrorism, July 2026 (TBC).

Key Achievements

Strengthened the engagement of parliamentarians, assessed new trends and shared key lessons learned through dozens of meetings, workshops and conferences with experts, as well as through numerous official country visits to OSCE participating States.

Developed innovative policy guidance to boost legislative convergence:

- [Resolution on Preventing Youth Radicalization to Violent Extremism and Terrorism through Education, and Media and Information Literacy \(2025 Porto Resolution\)](#),
- [Resolution on Artificial Intelligence and the Fight against Terrorism \(2024 Bucharest Resolution\)](#),
- [The Wagner Group's Terroristic Nature and Actions \(2023 Vancouver Resolution\)](#),
- [Victims of Terrorism \(2022 Birmingham Resolution\)](#),
- [Addressing the Threats Stemming From the Return & Relocation of FTFs \(2019 Luxembourg Resolution\)](#),
- [Preventing and Countering Terrorism and Violent Extremism and Radicalization that Lead to Terrorism \(2018 Berlin Resolution\)](#).

Promoted the implementation of relevant international obligations, such as those on [border security and information sharing stemming from UNSCR 2396 \(2019\)](#), through parliamentary oversight initiatives, consistent public messaging and contribution to numerous publications, including the [Parliamentary Handbook on Promoting the Implementation of UN Security Council 1373 \(2001\) on Countering Terrorism \(2024\)](#)

Boosted international co-operation through a network of partnerships with multilateral organizations (e.g. the United Nations), regional assemblies and prominent think tanks. From June 2022 to December 2024, the OSCE PA held the inaugural Presidency of the new **Co-ordination Mechanism of Parliamentary Assemblies on Counter-Terrorism**, convening under United Nations aegis. Under the OSCE PA's leadership, the Mechanism held four Coordination Meetings and four Parliamentary Policy Dialogue focusing on artificial intelligence, organized crime, border security and human rights (Doha, Vienna, Istanbul, and Rome), and has grown to include 17 Assemblies worldwide.
